

Fidget spinners math

Spin your fidget spinner and record the time it spins in the table below. Do this 10 times.

Time (seconds)

Calculate the mean, median, and mode of your 10 spinner times.

Make a dotplot with the data from your 10 spinner times.

Describe the shape and spread (range) of the dotplot.

How would you describe the typical time your fidget spinner would spin?

Fidget Spinners Battle

Battle against Team #	Win	Loss

Total number of Wins _____ Total number of Losses _____

Is the average spin time related to the number of wins?

Average spin time	Number of Wins
